Part A Competition conditions

1 General

1.1 Initiator and Coordination

On behalf of the municipality of Merano the Association Kunst Meran Merano Arte writes a contest.

The competition is coordinated by Herta Wolf Torggler.

Coordination office is Art Meran Merano Arte

I - 39012 Merano, Lauben 163, Italy

1.2 Competition item

In the course of dealing with Merano's 200 years of tourism history, the city administration intends to upgrade a small square in the urban area with an artistic intervention on the topic "Franz Kafka Meran 1920-2020". With this, the municipality of Meran wants to commemorate the stay of the special guest, the man of letters Franz Kafka, who stayed in the Villa Ottoburg in 1920 at the intersection Tobias-Brennerstraße / Maiastraße / Weinbergweg. In this public space, the community intends an art intervention.

1.3 Competition procedures and legal bases

For the realization of an art project in the public urban space of Merano, a competition with pre-selection limited to the European region Tyrol South Tyrol Trentino will be announced. Participation in the pre-selection is open to all artists living / born in this European region who meet the admission criteria set out in 1.5. In addition, five artists from the Czech Republic will be nominally invited for the pre-selection.

A jury of three experts (an internationally recognized and a local art curator, an architect *) selects among the participants of the pre-selection five artists, who are subsequently invited to draw up a draft for the objective competition task. The same jury selects from the five drafts a winning project, which is recommended to the community of Merano to be realized. From the pre-selection the competition will be anonymous.

The legal basis for the conduct of the competition is the present call for tenders with accompanying documents, as well as the minutes of the colloquium and the answers to the questions submitted in writing.

3.5 Assessment procedures and criteria

All received projects will be pre-selected objectively regarding content as well as whether the formal criteria of the competition are followed. The results of the pre-selection are summarized in writing. The pre-selection shows the jury the characteristic features of the competition projects with neutral explanations. The pre-selection is not authorized to exclude projects and is represented by Herta Wolf Torggler, Art Meran Merano Art.

The jury judges the projects regarding content and formal criteria. The presented projects should have the power to start a discussion with the cultural and social environment, to activate the cultural memory and to sharpen the perception for the town of Merano.

Especially important is how to handle the place, to integrate the opera and as consequence to increase the value of the place.

Further criteria are: technical handling, safety, costs, maintenance and the following costs.

3.6. Jury competition

The jury of the competition is the same as of the pre-selection. Their meetings are not open to public.

The jury meets only when all members are present. Each decision is the outcome of a voting – abstention is not possible. Decisions are unimpeachable.

At the end of the assessment and the written record the jury opens the letters of the authors.

Art Meran has the intention to exhibit the competition projects in public and to publish the whole in one way or another – certainly stating the authors' names.

3.11 Return of the competition works

The project chosen for the implementation will become property of Art Meran. All the other projects can be carried away within 2 months after getting notice. The participants will be informed about the procedure in writing. After that the promoter is not anymore responsible for the projects.

Part B Competition object

4.1 Premise and location

The artists should get involved in the place in Merano (Maiastr., T. Brennerstr., Weinbergweg), and the work of the literary man Franz Kafka (stay 1920 in Meran) to develop a site-specific intervention or interaction.

4.2 Themes of the city's history

The art projects should refer to the city of Merano, meaning the city not only as a spatial context, but as a place of history and stories. Due to the many spa guests, the city of Merano has already grown into a meeting place for different cultures in the 19th century. Poets, musicians, architects, city planners and artists are witnesses of this history. In 1920 Franz Kafka who was suffering from a lung disease spent same time in Merano. In his many letters he describes how life was in this city. (enclosed you will find the letters)

4.3 Financing and implementation of the art project

The project, which was awarded in the context of the competition, will then be realized by the artists on site, using the funds stipulated in the competition entry. The art project is intended to set in motion a dialogical process with the history of the city. The local population should be able to follow the implementation of the artistic interventions. The municipality of Meran undertakes the provision of all the necessary infrastructure for the work of art (water and sewerage, electricity, etc.). The costs for the realization of these infrastructures are therefore not included in the cost estimate for the work of art.
